

Newman Park Interpretive Trail

This 2,700-foot asphalt walking trail is located between the softball and soccer facilities. The trail is used not only for recreation but for educational benefits. Learn about the different types of tree families, genus and species associated with a variety of urban trees. You will find a total of 24 types of trees along the trail.

Walking Trail Etiquette

- Keep right and pass on the left. The trail is like a roadway.
- Report crime, dumping or hazardous conditions to the Henderson Police Department at 270-827-8700.
- Report Maintenance issues to the Henderson Parks and Recreation Department at 270-831-1274
- **IN CASE OF IMMEDIATE DANGER OR SERIOUS INJURY CALL 911**
- Keep the trails clean. Don't litter. Leave no trace.
- Stay on the designated trails
- Nature trails closed from dusk to dawn.
- Keep all animals leashed and under control at all times. Pick up any animal waste and dispose of it properly.

CANOE CREEK NATURE TRAIL

The approximately 2.1-mile main trail along the creek is an extension of a short asphalt trail in Newman Park. There is another mile of accessory trails.

The route has a few foot bridges traversing ditches and streams feeding into Canoe Creek. The trail has changes in elevation that make it a moderate hiking experience.

The trail allows hikers to trek alongside Canoe Creek, observe the flora and fauna of wetlands and have access to an outdoor classroom providing a good learning location for Scout troops and science students.

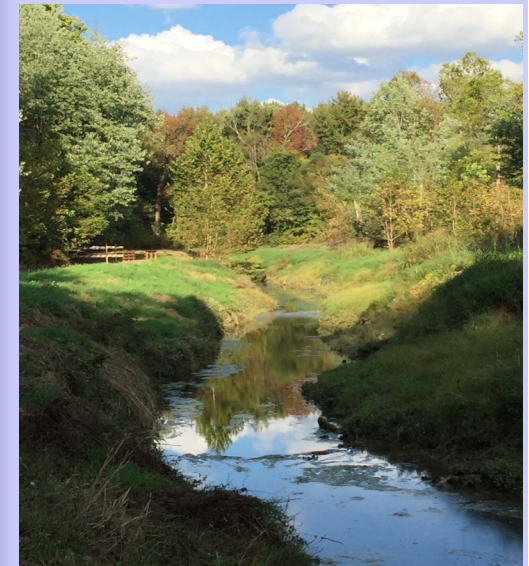

Funding for the trail was provided by the City of Henderson Parks and Recreation Department and the Kentucky Department of Local Government Recreational Trails Program.

Henderson Parks and Recreation
Department

The Henderson Parks, Recreation and Cemetery Department will work to provide access to safe and professionally operated public parks, facilities and events. We will strive to provide quality
